Education

University of Southern California Los Angeles, CA
Bachelor of Science: Mechanical Engineering, 3.61 GPA Expected: May 2029
Relevant Coursework: Physics I: Mechanics & Thermodynamics, Mathematics of Physics & Engineering, Calculus III
In Progress: Statics, Physics II, Computation Methods in Engineering

Experience

Winona Van Norman Inc. Wichita, KS
Mechanical Design Engineering Intern May 2026 - Aug 2026

- Redesigned the newest model, using SolidWorks, for a valve seat and guide machine by updating assemblies, models, and drawings to fix issues with the current machine design
- Created drawings for fixes that needed to be implemented for two incomplete valve seat and guide machines

Textron Aviation Wichita, KS
Manufacturing Intern Jun 2024 – Jul 2024

- Worked on factory floor and assisted in the production of 15-20 composite parts per shift through tasks such as tool prep and debagging composites
- Learned valuable skills about the entire process of making composite parts

Crestview Country Club Wichita, KS
Lifeguard Jun 2023 - July 2025

- Lifeguarded at local country club pool for 50-75 people per hour
- Gained skills in customer service and maintained general safety for guests

Leadership and Involvements

Formula SAE Electric Los Angeles, CA
Formula Electric Member Aug 2026 - Present

- Worked with a team of about 40 members to design, build, and race a small formula-style open-wheel electric race car over the course of the fall and spring semesters
- Joined a subteam to contribute to the production of the drivetrain components of the electric vehicle
- Created an out-of-car model of the motor cooling system attached to a cart to start design analysis without having to wait for the main chassis to be constructed.

Formula SAE Los Angeles, CA
USC Racing Member Aug 2025 - May 2026

- Helped with a team of over 70 members to make a combustion formula-style race car over the course of the academic year
- Took action within a subteam of 15 people on the drivetrain components of the car; some of the components purchased and installed are the differential, driveshaft, transmission, and axles
- Designed, tested, and machined mounts for the differential and the jacking bar using NX CAD software and NX FEA software.

University of Southern California Los Angeles, CA
Brazilian Jiu-Jitsu Competition Team Member Aug 2025 - Present

- Attended practices 6 hours per week, where we hone our skills on Brazilian Jiu-Jitsu through drilling and sparring
- Competed at the NCGA West Coast Conference tournament and had two matches

Wichita Family Crisis Center Wichita, KS
Youth Advisory Council Vice President Aug 2022 - May 2025

- Worked with a council of 15 members to generate and implement ways to spread awareness about teen dating violence in our community
- Attended monthly meetings where we learned about the WFCC's domestic violence shelter and its services

Hobbies: Golfing, Backpacking, Snowboarding, and Surfing
